oral surgery
oral medicine
oral pathology

With sections on oral *and* maxillofacial radiology *and* endodontics

EDITOR IN CHIEF

ROBERT B. SHIRA

Boston, Mass.

SECTION EDITORS

oral surgery — **Robert B. Shira**

Editorial board: Charles C. Alling, Maj. Gen. S. N. Bhaskar, Robert L. Campbell, H. Chris Doku, M. Franklin Dolwick, Louis H. Guernsey, Joseph H. Kronman, Robert E. Marx, William C. Roche, Morton B. Rosenberg, Daniel Verne, Paul J. Walters

oral medicine — **H. Dean Millard**

Editorial board: Sharon L. Brooks, Christopher G. Cumming, Joel B. Epstein, Daniel Eskinazi, Stuart L. Fischman, Martin S. Greenberg, Ellis H. Hall, Jed J. Jacobson, James W. Little, Sol Silverman, Jr., Edmond L. Truelove, George M. Yamane, Edward V. Zegarelli

oral pathology — **L. R. Eversole**

Editorial board: Thomas Aufdemorte, Bruce F. Barker, Thomas D. Daley, Ellen Eisenberg, Gary L. Ellis, Lawrence I. Goldblatt, Robert J. Gorlin, Kenton S. Hartman, Ronald J. Jorgenson, Raymond J. Melrose, Dolphine Oda, Peter J. Polverini, Joseph A. Regezi, James J. Sciubba, Edward Shillitoe

endodontics — **Samuel Seltzer**

Editorial board: Dale Anderson, Craig Baumgartner, I. B. Bender, Harry Blechman, Stephen Cooper, Paul Farber, Michael Glick, Shepard Goldstein, Marvin Gross, Elliot Hersh, Rex Holland, Jeffrey W. Hutter, Syngcuk Kim, Samuel I. Kratchman, Linda Levin, Sandra Madison, Arthur Miller, Leo Miserendino, Gabriele Pecora, Paul Rosenberg, Larz Spangberg, Roy Stevens, Calvin Torneck, Martin Trope, Henry Trowbridge, Richard Walton

oral and maxillofacial radiology — **Allan G. Farman**

Editorial board: Silvio D. Bianchi, John W. Brand, Sharon L. Brooks, Alvaro Castro, Angelo M. DelBalso, S. Julian Gibbs, Birgit Junfin Glass, Barton M. Gratt, Isamu Kashima, Louis Kircos, Kinya Kuroyanagi, Alan G. Lurie, W. Doss McDavid, Dale A. Miles, Farouk Mourshed, Christoffel Nortjé, M. Kevin O Carroll, Karl-Åke Omnell, Colin Price, Axel Ruprecht, Kavas H. Thunthy, Margot Van Dis, Richard L. Webber, Ann Wenzel, Stuart C. White

Organization of Teachers of Oral Diagnosis — **Peter G. Fotos**

Editorial board: Norbert J. Burzynski, Joseph A. D'Ambrosio, Pierre Duquette, Birgit Junfin Glass, John P. Gobetti, Miriam Grushka, Christopher D. Rice, Michael A. Siegel, Carol M. Stewart

EDITORIAL BOARD

Daniel J. Holland, *Boston* Jacob B. Freedland, *Charlotte, N.C.* Gustav O. Kruger, *Washington, D.C.*

Initiatives in oral acquired immunodeficiency syndrome research (Greenspan). 1992;73:244-7
Management of oral health in persons with HIV infection (Scully and McCarthy). 1992;73:215-25
Oral lesions of iatrogenic and undefined etiology and neurologic disorders associated with HIV infection (Ficarra). 1992; 73:201-11
Oral manifestation of HIV infection: definitions, diagnostic criteria, and principles of therapy (Greenspan et al). 1992; 73:142-4
Oral manifestations of HIV infection in children (Leggott). 1992;73:187-92
Oral mycoses in HIV infection (Samaranayake). 1992;73:171-80
Oral ulceration and iatrogenic disease in HIV infection (Reichart). 1992;73:212-4
Periodontal disease associated with HIV infection (Winkler and Robertson). 1992;73:145-50
Problems associated with providing dental care to patients with HIV-infected and AIDS patients (Hardie). 1992;73:231-5
The provision of health care: problems and needs—The Canadian public health response: an overview (de Burger). 1992; 73:226-30
The provision of oral healthcare for patients with HIV disease: introduction to proceedings of workshop held in London, Ontario, Canada, Oct. 11-12, 1990 (Millard et al). 1992;73:137
Recurrent aphthous ulcers in association with HIV infection: diagnosis and treatment (MacPhail et al). 1992;73:283-8
Salivary gland involvement in HIV-1 infection (Fox). 1992; 73:168-70
Significance of oral hairy leukoplakia (Greenspan and Greenspan). 1992;73:151-4
Viral infections of the head and neck among HIV-seropositive patients (Eversole). 1992;73:155-63

Acupuncture therapy
The effect of acupuncture on salivary flow rates in patients with xerostomia (Blom et al). 1992;73:293-8

Acute intermittent porphyria; *see* Porphyria

Adenocarcinoma
Signet-ring cell adenocarcinoma metastatic to the maxillary sinus (Zappia et al). 1992;73:89-90

Adenocarcinoma, papillary
Low-grade papillary adenocarcinoma of minor salivary glands: case report and literature review (Mostofi et al). 1992;73:591-5

Adenoma
Trabecular and solid-cribriform types of basal cell adenoma: a morphologic study of two cases of an unusual variant of monomorphic anenoma (Dardick et al). 1992;73:75-83

Aged
Prevalence of predisposing factors for endocarditis among an elderly institutionalized population (Felder et al). 1992;73: 30-4

Allergens
Plasma cell gingivitis: report of two cases (Sollecito and Greenberg). 1992;73:690-3

Allergy; *see* Hypersensitivity

Allogeneic transplantation; *see* Transplantation, homologous

Allograft; *see* Transplantation, homologous

Alveolar osteitis; *see* Osteitis

Alveolar ridge augmentation
Use of polyglactin 910 knitted mesh tubing to stabilize particulate hydroxyapatite in alveolar ridge augmentation: a preliminary report (Brown et al). 1992;73:19-22

Amalgam
Biocompatibility of retrograde filling materials in the ferret canine: amalgam and IRM (Maher et al). 1992;73:738-45

Ameloblastic fibroma; *see* Odontogenic tumors

Amelogenesis imperfecta
X-linked amelogenesis imperfecta: presentation of two kindreds and a review of the literature (Crawford and Aldred). 1992; 73:449-55

American Academy of Oral and Maxillofacial Radiology
American Academy of Oral and Maxillofacial Radiology infection control guidelines for dental radiographic procedures. 1992;73:248-9
Elects new officers for 1991-92. 1992;73:110

American Academy of Oral Medicine
Meets in Baltimore. 1992;73:698

American Board of Oral and Maxillofacial Radiology
Officers for 1992. 1992;73:111

Anesthesia
Blood pressure response to routine restorative dental treatment with and without local anesthesia: continuous noninvasive blood pressure registration with a finger manometer (Gortzak et al). 1992;73:677-81
Pulpal anesthesia dependent on epinephrine dose in 2% lidocaine: a randomized controlled double-blind crossover study (Knoll-Köhler and Förtsch). 1992;73:537-40

Ankylosis
Myositis ossificans of medial pterygoid muscle: a cause for temporomandibular joint ankylosis (Parkash and Goyal). 1992;73: 27-8

Anodontia
Hypodontia, impacted permanent teeth, spinal defects, and cardiomegaly in a previously diagnosed case of the Yunis-Varon syndrome (Lapeer and Fransman). 1992;73:456-60

Antibodies, antinuclear
Chronic ulcerative stomatitis associated with stratified epithelial specific antinuclear antibodies: a case report of a newly described disease entity (Church and Schosser). 1992;73: 579-82

Antinuclear antibodies; *see* Antibodies, antinuclear

Apex of tooth; *see* Tooth root

Aphthous ulcer; *see* Stomatitis, aphthous

Arthritis, rheumatoid
Rheumatoid arthritis and disk derangement of the temporomandibular joint: a comparative arthroscopic study (Holmlund et al). 1992;73:273-7

Arthrography
Temporomandibular joint: diagnosis of medial and lateral disk displacement with anteroposterior arthrography: correlation with cryosections (Kurita et al). 1992;73:364-8

Arthroscopy
An experimental study of new diagnostic methods for the examination of osseous lesions in the temporomandibular joint (Engelke et al). 1992;73:348-59
Rehabilitation of the temporomandibular joint after arthroscopic surgery (Wilk and McCain). 1992;73:531-6
Rheumatoid arthritis and disk derangement of the temporomandibular joint: a comparative arthroscopic study (Holmlund et al). 1992;73:273-7

Arthrosis; *see* Joint diseases

Atrophic candidiasis; *see* Candidiasis, oral

Atrophy
An unusual case of hemifacial atrophy (Whyman). 1992;73: 564-9

Attitude of health personnel
Problems associated with providing dental care to patients with HIV-infected and AIDS patients (Hardie). 1992;73:231-5

Atypical odontalgia; *see* Toothache
Autoantibodies
Chronic ulcerative stomatitis associated with stratified epithelial specific antinuclear antibodies: a case report of a newly described disease entity (Church and Schosser). 1992;73:579-82

B

Bacteremia; *see* Septicemia
Bacteria
Effects of total body irradiation on salivary gland function and caries-associated oral microflora in bone marrow transplant patients (Jones et al). 1992;73:670-6
Basal cell adenoma; *see* Adenoma
Baseball
Histopathology of smokeless tobacco lesions in professional baseball players: associations with different types of tobacco (Daniels et al). 1992;73:720-5
Biocompatible materials
Biocompatibility of retrograde filling materials in the ferret canine: amalgam and IRM (Maher et al). 1992;73:738-45
Comparative tissue tolerance of a new endodontic sealer (Molloy et al). 1992;73:490-3
In vivo comparison of the biocompatibility of two root canal sealers implanted into the mandibular bone of rabbits (Pertot et al). 1992;73:613-20
Biopsy
Immediate biopsy versus a therapeutic trial in the diagnosis and treatment of vesiculobullous/vesiculoerosive oral lesions: pposing viewpoints presented (Brown et al). 1992;73:694-7
Blood coagulation disorders
Preoperative laboratory assessment of hemostasis for orthognathic surgery (Holtzman et al). 1992;73:403-6
Blood pressure
Blood pressure response to routine restorative dental treatment with and without local anesthesia: continuous noninvasive blood pressure registration with a finger manometer (Gortzak et al). 1992;73:677-81
Bone
An experimental study of new diagnostic methods for the examination of osseous lesions in the temporomandibular joint (Engelke et al). 1992;73:348-59
Idiopathic bone cavity on the posterior buccal surface of the mandible (Kocsis et al). 1992;73:123-6
Prevalence of osseous changes in the temporomandibular joint of asymptomatic persons without internal derangement (Brooks et al). 1992;73:118-22
Quantitative features of digitized radiographic bone profiles (Southard and Southard). 1992;73:751-9
Bone marrow transplantation
Effects of total body irradiation on salivary gland function and caries-associated oral microflora in bone marrow transplant patients (Jones et al). 1992;73:670-6
Efficacy of chlorhexidine and nystatin rinses in prevention of oral complications in leukemia and bone marrow transplantation (Epstein et al). 1992;73:682-9
Bone morphogenetic protein
Mitogenic and dentin-inductive effects of crude bone morphogenetic protein from bone and dentin in primary adult pulp cell culture (Nakashima). 1992;73:484-9
Bone plates
Radiologic follow-up of bone transplants to bridge mandibular continuity defects (Söderholm et al). 1992;73:253-61
Bone resorption
Anatomic placement of fixation devices in genioplasty (Precious et al). 1992;73:2-8
Detection of interleukin-1 beta in human periapical lesions (Barkhordar et al). 1992;73:334-6
Bone transplantation
Radiologic follow-up of bone transplants to bridge mandibular continuity defects (Söderholm et al). 1992;73:253-61
Bone transplantation (cont'd.)
Replacement of freeze-dried allogeneic cartilage chin graft with host bone: a case report (Davis). 1992;73:541-2

C

Calcification
Bizarre egg-shaped shadow of parapharyngeal space (Takahashi and Sato). 1992;73:131-2 (Radiology forum)
Calcified neck mass (Carlson). 1992;73:375 (Radiology forum)
Calcinosis
Mucosal calcified nodule: the oral counterpart of the subepidermal calcified nodule (El-Mofty and Santa Cruz). 1992;73:472-5
Calcium gluconate
Production of microliths and sialadenitis in rats by a short combined course of isoprenaline and calcium gluconate (Harrison and Epivatianos). 1992;73:585-90
Canada
The provision of health care: problems and needs—The Canadian public health response: an overview (de Burger). 1992;73:226-30
Candida
Candida species and *Candida albicans* morphotypes in chronic atrophic candidiasis (Crockett et al). 1992;73:559-63
Correlation of subclinical candidal colonization of the dorsal tongue surface with the Walter Reed staging scheme for patients infected with HIV-1 (Hamilton et al). 1992;73:47-51
Candida albicans
Candida species and *Candida albicans* morphotypes in chronic atrophic candidiasis (Crockett et al). 1992;73:559-63
Candidiasis, oral
Candida species and *Candida albicans* morphotypes in chronic atrophic candidiasis (Crockett et al). 1992;73:559-63
Host factors associated with HIV-related oral candidiasis: a review (McCarthy). 1992;73:181-6
Canine tooth; *see* Cuspid
Carcinoma
Lip carcinoma in renal allograft recipient with long-term immunosuppressive therapy (Regev et al). 1992;73:412-4
Carcinoma, squamous cell
Evaluation of epidermal growth factor receptor in squamous cell carcinoma of the oral cavity (Yamada et al). 1992;73:67-70
Cardiomegaly; *see* Heart enlargement
Caries
Dental treatment of patients with Gilles de la Tourette's syndrome (Friedlander and Cummings). 1992;73:299-303
Effects of total body irradiation on salivary gland function and caries-associated oral microflora in bone marrow transplant patients (Jones et al). 1992;73:670-6
Cartilage
Autogenous conchal cartilage as a replacement after a diskectomy (Armstrong et al). 1992;73:269-72
Replacement of freeze-dried allogeneic cartilage chin graft with host bone: a case report (Davis). 1992;73:541-2
Cavitational osteonecrosis; *see* Osteonecrosis
Cells, cultured
Mitogenic and dentin-inductive effects of crude bone morphogenetic protein from bone and dentin in primary adult pulp cell culture (Nakashima). 1992;73:484-9
Cementoblastoma; *see* Odontogenic tumors
Cephalometry
Dosimetry of absorbed radiation in radiographic cephalometry (Gilda and Maillie). 1992;73:638-43
Chemotherapy; *see* Drug therapy
Cherubism
Cherubism: diagnosis, treatment, and comparison with central giant cell granulomas and giant cell tumors (Kaugars et al). 1992;73:369-74

Child
Oral manifestations of HIV infection in children (Leggott). 1992;73:187-92
Solitary neurofibroma of the mandible and infratemporal fossa in a young child: report of a case (Papageorge et al). 1992;73:407-11
Chin
Replacement of freeze-dried allogeneic cartilage chin graft with host bone: a case report (Davis). 1992;73:541-2
Chinese; *see* Mongoloid race
Chlorhexidine
Efficacy of chlorhexidine and nystatin rinses in prevention of oral complications in leukemia and bone marrow transplantation (Epstein et al). 1992;73:682-9
Evaluation of intra-alveolar chlorhexidine dressings after removal of impacted mandibular third molars (Fotos et al). 1992;73:383-8
Chondrocalcinosis
Chondrocalcinosis of the temporomandibular joint: an external ear canal pseudotumor (Magno et al). 1992;73:262-5
Chondroma
Chondromyxoid fibroma of the mandible: diagnostic image cytometry findings and review of the literature (Muller et al). 1992;73:465-8
Chondromatosis, synovial
Synovial chondromatosis of the temporomandibular joint: report of a case (Holmlund et al). 1992;73:266-8
Synovial chondromatosis with cranial extension (Quinn et al). 1992;73:398-402
Chondromyxoid fibroma; *see* Chondroma
Chronic atrophic candidiasis; *see* Candidiasis, oral
Cinnamon
Cinnamon-induced stomatitis venenata: clinical and characteristic histopathologic features (Miller et al). 1992;73:708-16
Cluster headache
A retrospective study of patients with cluster headaches (Bittar and Graff-Radford). 1992;73:519-25
Compliance
Compliance of Michigan dentists with radiographic safety recommendations (Nakfoor and Brooks). 1992;73:510-3
Computed tomography; *see* Tomography, x-ray computed
Conchal cartilage; *see* Ear cartilage
Conjunctiva
Lateral canthotomy transconjunctival approach to the orbit (Hadeed et al). 1992;73:526-30
Copper
Analysis of the metallic composition of orofacial talismans (Loh and Ling). 1992;73:281-2
Coronoid process
Infected cyst in the coronoid process (Fernandez and Meraz). 1992;73:768 (Radiology forum)
Correction
Tissue reaction to endodontic materials: methods, criteria, assessment, and observations (Pascon et al) (1991;72:222-37). 1992;73:347
Correspondence
Which antibiotic? (Topazian and Peterson). 1992;73:621-2
Cryosurgery
Cryosurgical treatment of hemangiomas of the lip (Tal). 1992;73:650-4
Cuspid
Biocompatibility of retrograde filling materials in the ferret canine: amalgam and IRM (Maher et al). 1992;73:738-45

D

Deciduous tooth; *see* Tooth, deciduous
Delivery of health care
The provision of health care: problems and needs—The Canadian public health response: an overview (de Burger). 1992;73:226-30
Dental personnel; *see* Staff
Dental schools; *see* Schools, dental
Dentigerous cyst
Dentigerous cyst associated with a deciduous tooth: a case report (Kusukawa et al). 1992;73:415-8
Dentin
Mitogenic and dentin-inductive effects of crude bone morphogenetic protein from bone and dentin in primary adult pulp cell culture (Nakashima). 1992;73:484-9
Unusual dentinal changes in dentinogenesis imperfecta associated with osteogenesis imperfecta: a case report (Aldred). 1992;73:461-4
Dentinogenesis imperfecta
Unusual dentinal changes in dentinogenesis imperfecta associated with osteogenesis imperfecta: a case report (Aldred). 1992;73:461-4
Denture, complete
Candida species and *Candida albicans* morphotypes in chronic atrophic candidiasis (Crockett et al). 1992;73:559-63
Diagnosis, computer-assisted
Oral radiographs in the detection of early signs of osteoporosis (Mohajery and Brooks). 1992;73:112-7
Diagnostic services
Survey of tissue diagnostic services in U.S. dental schools—1990 (Miller and Cleveland). 1992;73:717-9
Digital radiography; *see* Radiographic image enhancement
Discomfort; *see* Pain
DNA, viral
Human papillomavirus type 16 DNA in oral white sponge nevus (Cox et al). 1992;73:476-8
Dosimetry; *see* Film dosimetry
Drug therapy
Analyses of salivary components in leukemia patients receiving chemotherapy (Månsson-Rahemtulla et al). 1992;73:35-46

E

Ear canal
Chondrocalcinosis of the temporomandibular joint: an external ear canal pseudotumor (Magno et al). 1992;73:262-5
Ear cartilage
Autogenous conchal cartilage as a replacement after a diskectomy (Armstrong et al). 1992;73:269-72
Ear neoplasms
Chondrocalcinosis of the temporomandibular joint: an external ear canal pseudotumor (Magno et al). 1992;73:262-5
Editorials
Editorials. 1992;73:135-6, 707
Elderly; *see* Aged
Endocarditis
Prevalence of predisposing factors for endocarditis among an elderly institutionalized population (Felder et al). 1992;73:30-4
Endodontic sealant; *see* Pit and fissure sealants
Epidermal growth factor receptor; *see* Receptors, epidermal growth factor-urogastrone
Epinephrine
Pulpal anesthesia dependent on epinephrine dose in 2% lidocaine: a randomized controlled double-blind crossover study (Knoll-Köhler and Förtsch). 1992;73:537-40
Epoxy resins
Efficacy of removing glass ionomer cement, zinc oxide eugenol, and epoxy resin sealers from retreated root canals (Friedman et al). 1992;73:609-12
Epstein-Barr virus
Unusual oral presentation of non-Hodgkin's lymphoma in association with HIV infection (Dodd et al). 1992;73:603-8
Equipment and supplies
Reproducibility of data from a hand-held digital pulp tester used on teeth and oral soft tissue (Dal Santo et al). 1992;73:103-8

Estrogen replacement therapy
Efficacy of hormone replacement therapy in postmenopausal women with oral discomfort (Forabosco et al). 1992;73:570-4
Etretinate
Efficacy of etretinate (Tigason) in symptomatic oral lichen planus (Gorsky and Raviv). 1992;73:52-5
Eugenol
Biologic properties of eugenol and zinc oxide–eugenol: a clinically oriented review (Markowitz et al). 1992;73:729-37
Extraction of tooth; *see* Tooth extraction
Eyelids
Lateral canthotomy transconjunctival approach to the orbit (Hadeed et al). 1992;73:526-30

F

Facial neoplasms
A radiologic study of pulmonary metastases originating from oral and maxillofacial tumors (Sun et al). 1992;73:633-7
Facial neuralgia
INVITED COMMENTARY on neuralgia-inducing cavitational osteonecrosis (Donlon). 1992;73:319-20
Neuralgia-inducing cavitational osteonecrosis (NICO): osteomyelitis in 224 jawbone samples from patients with facial neuralgia (Bouquot et al). 1992;73:307-19
Fibroblasts
Solitary infantile myofibromatosis of the mandible: report of three cases (Vigneswaran et al). 1992;73:84-8
Fibroma
Central odontogenic fibroma, WHO type: a report of three cases with an unusual associated giant cell reaction (Allen et al). 1992;73:62-6
Film dosimetry
Dosimetry of absorbed radiation in radiographic cephalometry (Gilda and Maillie). 1992;73:638-43
Finger manometry; *see* Manometry
Fixation devices, internal; *see* Internal fixators
Flaps; *see* Surgical flaps
Flow cytometry
Chondromyxoid fibroma of the mandible: diagnostic image cytometry findings and review of the literature (Muller et al). 1992;73:465-8
Food hypersensitivity
Cinnamon-induced stomatitis venenata: clinical and characteristic histopathologic features (Miller et al). 1992;73:708-16
Foreign bodies
Analysis of the metallic composition of orofacial talismans (Loh and Ling). 1992;73:281-2
Trismus caused by a retained foreign body in an adult (Krishnan et al). 1992;73:546-7
Fourth molar; *see* Tooth, supernumerary
Fracture fixation
The morbidity associated with fifty maxillary fractures treated by closed reduction (Haug et al). 1992;73:659-63
Fracture of tooth; *see* Tooth fracture
Freeze drying
Replacement of freeze-dried allogeneic cartilage chin graft with host bone: a case report (Davis). 1992;73:541-2
Fungi
Oral *Geotrichum candidum* infection associated with HIV infection: a case report (Heinic et al). 1992;73:726-8
Fused teeth
Fused supernumerary microdont (Samuels). 1992;73:131 (Radiology forum)
Fusion of third and fourth mandibular molars? (Chen and Huang). 1992;73:767 (Radiology forum)

G

Gaucher's disease
Gaucher's disease: case report of mandibular trauma (Regenye et al). 1992;73:23-6
Genioplasty
Anatomic placement of fixation devices in genioplasty (Precious et al). 1992;73:2-8
Geotrichum
Oral *Geotrichum candidum* infection associated with HIV infection: a case report (Heinic et al). 1992;73:726-8
Giant cell granuloma; *see* Granuloma, giant cell
Giant cell tumors
Cherubism: diagnosis, treatment, and comparison with central giant cell granulomas and giant cell tumors (Kaugars et al). 1992;73:369-74
Giant cells
Central odontogenic fibroma, WHO type: a report of three cases with an unusual associated giant cell reaction (Allen et al). 1992;73:62-6
Gilles de la Tourette's syndrome; *see* Tourette syndrome
Gingiva
Gingival health and salivary function in head and neck–irradiated patients: a five-year follow-up (Markitziu et al). 1992;73:427-33
Gingivitis
Plasma cell gingivitis: report of two cases (Sollecito and Greenberg). 1992;73:690-3
Postscaling bacteremia in HIV-associated gingivitis and periodontitis (Lucartorto et al). 1992;73:550-4
Gingivitis, necrotizing ulcerative
Chronic ulcerative stomatitis associated with stratified epithelial specific antinuclear antibodies: a case report of a newly described disease entity (Church and Schosser). 1992;73:579-82
Glass ionomer cements
Efficacy of removing glass ionomer cement, zinc oxide eugenol, and epoxy resin sealers from retreated root canals (Friedman et al). 1992;73:609-12
Gold
Analysis of the metallic composition of orofacial talismans (Loh and Ling). 1992;73:281-2
Granuloma, giant cell
Cherubism: diagnosis, treatment, and comparison with central giant cell granulomas and giant cell tumors (Kaugars et al). 1992;73:369-74

H

Hairy leukoplakia; *see* Leukoplakia, oral
Head
Viral infections of the head and neck among HIV-seropositive patients (Eversole). 1992;73:155-63
Head and neck neoplasms
Gingival health and salivary function in head and neck–irradiated patients: a five-year follow-up (Markitziu et al). 1992;73:427-33
Head and neck malignancies associated with HIV infection (Epstein and Silverman). 1992;73:193-200
Oral manifestations of neurofibromatosis types I and II (Geist et al). 1992;73:376-82
Headache
A retrospective study of patients with cluster headaches (Bittar and Graff-Radford). 1992;73:519-25
Heart enlargement
Hypodontia, impacted permanent teeth, spinal defects, and cardiomegaly in a previously diagnosed case of the Yunis-Varon syndrome (Lapeer and Fransman). 1992;73:456-60

Helper cells
Correlation of oral disease with the Walter Reed staging scheme for HIV-1–seropositive patients (Thompson et al). 1992;73:289-92
Hemangioma
Cryosurgical treatment of hemangiomas of the lip (Tal). 1992;73:650-4
Hemangiopericytoma
Intraoral infantile hemangiopericytoma: literature review and addition of a case (Baker et al). 1992;73:596-602
Hemofacial atrophy; *see* Atrophy
Hemorrhage
Silent ulcer with hemorrhage: a case report (Smith et al). 1992;73:389-90
Hemostasis
Preoperative laboratory assessment of hemostasis for orthognathic surgery (Holtzman et al). 1992;73:403-6
Hepatitis B antibodies
Seroprevalence of hepatitis B surface antibody in South African dental personnel (Moola et al). 1992;73:304-6
Herpes zoster
Maxillary osteomyelitis and spontaneous tooth exfoliation after herpes zoster (Mintz and Anavi). 1992;73:664-6
Herpesvirus hominis
Effect of ibuprofen on the in vitro and in vivo reactivation of latent HSV-1 (Cherrick et al). 1992;73:321-7
HIV
The acquired immunodeficiency syndrome (AIDS) (Shira). 1992;73:135 (Editorial)
AIDS and the information explosion (Millard). 1992;73:135 (Editorial)
American Academy of Oral and Maxillofacial Radiology infection control guidelines for dental radiographic procedures. 1992;73:248-9
Endodontics and AIDS (Seltzer). 1992;73:135 (Editorial)
Global aspects of the AIDS epidemic (Pindborg). 1992;73:138-41
Head and neck malignancies associated with HIV infection (Epstein and Silverman). 1992;73:193-200
HIV-associated salivary gland disease: a review (Schiødt). 1992;73:164-7
HIV disease: present status and future directions (Gilmore). 1992;73:236-43
HIV-infection, AIDS, and oral and maxillofacial radiology (Farman). 1992;73:136 (Editorial)
HIV infection and oral pathology (Eversole). 1992;73:136 (Editorial)
Host factors associated with HIV-related oral candidiasis: a review (McCarthy). 1992;73:181-6
Initiatives in oral acquired immunodeficiency syndrome research (Greenspan). 1992;73:244-7
Management of oral health in persons with HIV infection (Scully and McCarthy). 1992;73:215-25
Oral *Geotrichum candidum* infection associated with HIV infection: a case report (Heinic et al). 1992;73:726-8
Oral lesions of iatrogenic and undefined etiology and neurologic disorders associated with HIV infection (Ficarra). 1992;73:201-11
Oral manifestation of HIV infection: definitions, diagnostic criteria, and principles of therapy (Greenspan et al). 1992;73:142-4
Oral manifestations of HIV infection in children (Leggott). 1992;73:187-92
Oral mycoses in HIV infection (Samaranayake). 1992;73:171-80
Oral ulceration and iatrogenic disease in HIV infection (Reichart). 1992;73:212-4
Periodontal disease associated with HIV infection (Winkler and Robertson). 1992;73:145-50
Postscaling bacteremia in HIV-associated gingivitis and periodontitis (Lucartorto et al). 1992;73:550-4
HIV (cont'd.)
Problems associated with providing dental care to patients with HIV-infected and AIDS patients (Hardie). 1992;73:231-5
The provision of health care: problems and needs—The Canadian public health response: an overview (de Burger). 1992;73:226-30
The provision of oral healthcare for patients with HIV disease: introduction to proceedings of workshop held in London, Ontario, Canada, Oct. 11-12, 1990 (Millard et al). 1992;73:137
Recurrent aphthous ulcers in association with HIV infection: diagnosis and treatment (MacPhail et al). 1992;73:283-8
Retrospective findings of the clinical benefits of podophyllum resin 25% sol on hairy leukoplakia: clinical results in nine patients (Lozada-Nur and Costa). 1992;73:555-8
Salivary gland involvement in HIV-1 infection (Fox). 1992;73:168-70
Significance of oral hairy leukoplakia (Greenspan and Greenspan). 1992;73:151-4
Unusual oral presentation of non-Hodgkin's lymphoma in association with HIV infection (Dodd et al). 1992;73:603-8
Viral infections of the head and neck among HIV-seropositive patients (Eversole). 1992;73:155-63
HIV-1
Correlation of oral disease with the Walter Reed staging scheme for HIV-1–seropositive patients (Thompson et al). 1992;73:289-92
Correlation of subclinical candidal colonization of the dorsal tongue surface with the Walter Reed staging scheme for patients infected with HIV-1 (Hamilton et al). 1992;73:47-51
Hong Kong
Cementoblastoma in Hong Kong Chinese: a report of four cases (MacDonald-Jankowski and Wu). 1992;73:760-4
Hormone replacement therapy; *see* Estrogen replacement therapy
HSV-1; *see* Herpesvirus hominis
Hydroxyapatites
Reaction of the dental pulp to hydroxyapatite (Jaber et al). 1992;73:92-8
Use of polyglactin 910 knitted mesh tubing to stabilize particulate hydroxyapatite in alveolar ridge augmentation: a preliminary report (Brown et al). 1992;73:19-22
Hypersensitivity
Cinnamon-induced stomatitis venenata: clinical and characteristic histopathologic features (Miller et al). 1992;73:708-16
Hypodontia; *see* Anodontia

I

Iatrogenic disease
Oral lesions of iatrogenic and undefined etiology and neurologic disorders associated with HIV infection (Ficarra). 1992;73:201-11
Oral ulceration and iatrogenic disease in HIV infection (Reichart). 1992;73:212-4
Ibuprofen
Effect of ibuprofen on the in vitro and in vivo reactivation of latent HSV-1 (Cherrick et al). 1992;73:321-7
Image processing, computer-assisted
Diagnosing periapical bone lesions on radiographs by means of texture analysis (Mol et al). 1992;73:746-50
Immunohistochemistry
Immunohistochemical evaluation of oral myxoid lesions (Green et al). 1992;73:469-71
Immunosuppression
Dental treatment of the liver transplant patient (Little and Rhodus). 1992;73:419-26
Lip carcinoma in renal allograft recipient with long-term immunosuppressive therapy (Regev et al). 1992;73:412-4

Impacted tooth; *see* Tooth, impacted
Infant
Intraoral infantile hemangiopericytoma: literature review and addition of a case (Baker et al). 1992;73:596-602
Solitary infantile myofibromatosis of the mandible: report of three cases (Vigneswaran et al). 1992;73:84-8
Infant, newborn
Two natal maxillary molars: report of a case (Roberts et al). 1992;73:543-5
Inflammation
Disk derangement and inflammatory changes in the posterior disk attachment of the temporomandibular joint: a histologic study (Holmlund et al). 1992;73:9-12
Infratemporal fossa
Solitary neurofibroma of the mandible and infratemporal fossa in a young child: report of a case (Papageorge et al). 1992;73:407-11
Interleukin-1
Detection of interleukin-1 beta in human periapical lesions (Barkhordar et al). 1992;73:334-6
Intermittent porphyria; *see* Porphyria
Internal fixators
Anatomic placement of fixation devices in genioplasty (Precious et al). 1992;73:2-8
IRM
Biocompatibility of retrograde filling materials in the ferret canine: amalgam and IRM (Maher et al). 1992;73:738-45
Irradiation; *see* Radiation
Isoprenaline; *see* Isoproterenol
Isoproterenol
Production of microliths and sialadenitis in rats by a short combined course of isoprenaline and calcium gluconate (Harrison and Epivatianos). 1992;73:585-90

J

Jaw
INVITED COMMENTARY on neuralgia-inducing cavitational osteonecrosis (Donlon). 1992;73:319-20
Neuralgia-inducing cavitational osteonecrosis (NICO): osteomyelitis in 224 jawbone samples from patients with facial neuralgia (Bouquot et al). 1992;73:307-19
Jaw neoplasms
Traumatically induced peripheral osteoma: report of a case (Cutilli and Quinn). 1992;73:667-9
Joint diseases
Accuracy of clinical diagnosis for TMJ internal derangement and arthrosis (Paesani et al). 1992;73:360-3
Temporomandibular joint: surgically created disk replacement causes arthrosis in the rabbit (Macher et al). 1992;73:645-9

K

Kala-azar; *see* Leishmaniasis, visceral
Kidney transplantation
Lip carcinoma in renal allograft recipient with long-term immunosuppressive therapy (Regev et al). 1992;73:412-4

L

Lateral canthotomy; *see* Eyelids
Leishmaniasis
Oral leishmaniasis associated with kala-azar: a case report (Abbas et al). 1992;73:583-4
Oriental sore: a case report (Asvesti et al). 1992;73:56-8
Leishmaniasis, visceral
Oral leishmaniasis associated with kala-azar: a case report (Abbas et al). 1992;73:583-4
Letters
Which antibiotic? (Topazian and Peterson). 1992;73:621-2
Leukemia
Analyses of salivary components in leukemia patients receiving chemotherapy (Månsson-Rahemtulla et al). 1992;73:35-46
Efficacy of chlorhexidine and nystatin rinses in prevention of oral complications in leukemia and bone marrow transplantation (Epstein et al). 1992;73:682-9
Leukoplakia, oral
Retrospective findings of the clinical benefits of podophyllum resin 25% sol on hairy leukoplakia: clinical results in nine patients (Lozada-Nur and Costa). 1992;73:555-8
Significance of oral hairy leukoplakia (Greenspan and Greenspan). 1992;73:151-4
Lichen planus
The controversy of a premalignant potential of oral lichen planus is over (Holmstrup). 1992;73:705-6 (Invited commentary)
Editorial (Eversole). 1992;73:707 (Editorial)
Efficacy of etretinate (Tigason) in symptomatic oral lichen planus (Gorsky and Raviv). 1992;73:52-5
Lichenoid lesions of oral mucosa: diagnostic criteria and their importance in the alleged relationship to oral cancer (Eisenberg and Krutchkoff). 1992;73:699-704
Lidocaine
Pulpal anesthesia dependent on epinephrine dose in 2% lidocaine: a randomized controlled double-blind crossover study (Knoll-Köhler and Förtsch). 1992;73:537-40
Lip diseases
Oriental sore: a case report (Asvesti et al). 1992;73:56-8
Lip neoplasms
Cryosurgical treatment of hemangiomas of the lip (Tal). 1992;73:650-4
Lip carcinoma in renal allograft recipient with long-term immunosuppressive therapy (Regev et al). 1992;73:412-4
Lipids
Gaucher's disease: case report of mandibular trauma (Regenye et al). 1992;73:23-6
Lipoma
Lipoma of the floor of the mouth (Ghandour and Issa). 1992;73:59-60
Liver transplantation
Dental treatment of the liver transplant patient (Little and Rhodus). 1992;73:419-26
Local anesthesia; *see* Anesthesia
Lung neoplasms
A radiologic study of pulmonary metastases originating from oral and maxillofacial tumors (Sun et al). 1992;73:633-7
Lymphoma, non-Hodgkin's
Unusual oral presentation of non-Hodgkin's lymphoma in association with HIV infection (Dodd et al). 1992;73:603-8

M

Mandible
Anatomic placement of fixation devices in genioplasty (Precious et al). 1992;73:2-8
Evaluation of intra-alveolar chlorhexidine dressings after removal of impacted mandibular third molars (Fotos et al). 1992;73:383-8
Gaucher's disease: case report of mandibular trauma (Regenye et al). 1992;73:23-6
In vivo comparison of the biocompatibility of two root canal sealers implanted into the mandibular bone of rabbits (Pertot et al). 1992;73:613-20
Idiopathic bone cavity on the posterior buccal surface of the mandible (Kocsis et al). 1992;73:123-6

Mandible (cont'd.)
Oral radiographs in the detection of early signs of osteoporosis (Mohajery and Brooks). 1992;73:112-7
Radiologic follow-up of bone transplants to bridge mandibular continuity defects (Söderholm et al). 1992;73:253-61
Mandibular condyle
Double condyles (Huang and Yeh). 1992;73:130 (Radiology forum)
Fracture of a condyle and associated tympanic plate (Mintz and Horowitz). 1992;73:515-6 (Radiology forum)
Prevalence of osseous changes in the temporomandibular joint of asymptomatic persons without internal derangement (Brooks et al). 1992;73:118-22
Mandibular diseases
Primary tuberculous osteomyelitis of the mandible: a case report (Fukuda et al). 1992;73:278-80
Solitary infantile myofibromatosis of the mandible: report of three cases (Vigneswaran et al). 1992;73:84-8
Mandibular fracture
Fracture of a condyle and associated tympanic plate (Mintz and Horowitz). 1992;73:515-6 (Radiology forum)
Mandibular neoplasms
Chondromyxoid fibroma of the mandible: diagnostic image cytometry findings and review of the literature (Muller et al). 1992;73:465-8
Solitary neurofibroma of the mandible and infratemporal fossa in a young child: report of a case (Papageorge et al). 1992; 73:407-11
Manometry
Blood pressure response to routine restorative dental treatment with and without local anesthesia: continuous noninvasive blood pressure registration with a finger manometer (Gortzak et al). 1992;73:677-81
Maxillary diseases
Maxillary osteomyelitis and spontaneous tooth exfoliation after herpes zoster (Mintz and Anavi). 1992;73:664-6
Maxillary fractures
The morbidity associated with fifty maxillary fractures treated by closed reduction (Haug et al). 1992;73:659-63
Maxillary sinus
A computed tomographic study of the distances between the maxillary sinus floor and the apices of the maxillary posterior teeth (Eberhardt et al). 1992;73:345-6
Signet-ring cell adenocarcinoma metastatic to the maxillary sinus (Zappia et al). 1992;73:89-90
Maxillofacial neoplasms; *see* Facial neoplasms
Menopause
Efficacy of hormone replacement therapy in postmenopausal women with oral discomfort (Forabosco et al). 1992;73:570-4
Mesh, surgical; *see* Surgical mesh
Metals
Analysis of the metallic composition of orofacial talismans (Loh and Ling). 1992;73:281-2
Metastasis; *see* Neoplasm metastasis
Microflora; *see* Bacteria
Microlith
Production of microliths and sialadenitis in rats by a short combined course of isoprenaline and calcium gluconate (Harrison and Epivatianos). 1992;73:585-90
Mitogens
Mitogenic and dentin-inductive effects of crude bone morphogenetic protein from bone and dentin in primary adult pulp cell culture (Nakashima). 1992;73:484-9
Mixed connective tissue disease
Orofacial manifestations of mixed connective tissue disease with an uncommon serologic evolution (Alfaro-Giner et al). 1992; 73:441-4
Molar
Ameloblastic fibroma and impacted mandibular first molar: a case report (Baroni et al). 1992;73:548-9
Molar (cont'd.)
Two natal maxillary molars: report of a case (Roberts et al). 1992;73:543-5
Molar, third
Alveolar osteitis after surgical removal of impacted mandibular third molars: identification of the patient at risk (Larsen). 1992;73:393-7
Evaluation of intra-alveolar chlorhexidine dressings after removal of impacted mandibular third molars (Fotos et al). 1992;73:383-8
Fusion of third and fourth mandibular molars? (Chen and Huang). 1992;73:767 (Radiology forum)
Root resorption associated with impacted maxillary third molar (Wang). 1992;73:765-6 (Radiology forum)
Mongoloid race
Cementoblastoma in Hong Kong Chinese: a report of four cases (MacDonald-Jankowski and Wu). 1992;73:760-4
Monomorphic adenoma; *see* Adenoma
Morbidity
The morbidity associated with fifty maxillary fractures treated by closed reduction (Haug et al). 1992;73:659-63
Morphogenesis
Mitogenic and dentin-inductive effects of crude bone morphogenetic protein from bone and dentin in primary adult pulp cell culture (Nakashima). 1992;73:484-9
Mouth mucosa
Chronic ulcerative stomatitis associated with stratified epithelial specific antinuclear antibodies: a case report of a newly described disease entity (Church and Schosser). 1992;73: 579-82
Human papillomavirus type 16 DNA in oral white sponge nevus (Cox et al). 1992;73:476-8
Lichenoid lesions of oral mucosa: diagnostic criteria and their importance in the alleged relationship to oral cancer (Eisenberg and Krutchkoff). 1992;73:699-704
Mucosal calcified nodule: the oral counterpart of the subepidermal calcified nodule (El-Mofty and Santa Cruz). 1992;73: 472-5
Palisaded encapsulated neuroma of oral mucosa (Chauvin et al). 1992;73:71-4
Mouth neoplasms
The controversy of a premalignant potential of oral lichen planus is over (Holmstrup). 1992;73:705-6 (Invited commentary)
Editorial (Eversole). 1992;73:707 (Editorial)
Evaluation of epidermal growth factor receptor in squamous cell carcinoma of the oral cavity (Yamada et al). 1992;73:67-70
Intraoral infantile hemangiopericytoma: literature review and addition of a case (Baker et al). 1992;73:596-602
Lichenoid lesions of oral mucosa: diagnostic criteria and their importance in the alleged relationship to oral cancer (Eisenberg and Krutchkoff). 1992;73:699-704
Lipoma of the floor of the mouth (Ghandour and Issa). 1992; 73:59-60
Palisaded encapsulated neuroma of oral mucosa (Chauvin et al). 1992;73:71-4
A radiologic study of pulmonary metastases originating from oral and maxillofacial tumors (Sun et al). 1992;73:633-7
Mycoses
Oral mycoses in HIV infection (Samaranayake). 1992;73:171-80
Myofibromatosis
Solitary infantile myofibromatosis of the mandible: report of three cases (Vigneswaran et al). 1992;73:84-8
Myositis ossificans
Myositis ossificans of medial pterygoid muscle: a cause for temporomandibular joint ankylosis (Parkash and Goyal). 1992; 73:27-8
Myxoma
Immunohistochemical evaluation of oral myxoid lesions (Green et al). 1992;73:469-71

N

Natal teeth
Two natal maxillary molars: report of a case (Roberts et al). 1992;73:543-5
Neck
Calcified neck mass (Carlson). 1992;73:375 (Radiology forum)
Viral infections of the head and neck among HIV-seropositive patients (Eversole). 1992;73:155-63
Needles
Analysis of the metallic composition of orofacial talismans (Loh and Ling). 1992;73:281-2
Neonate; *see* Infant, newborn
Neoplasm metastasis
A radiologic study of pulmonary metastases originating from oral and maxillofacial tumors (Sun et al). 1992;73:633-7
Signet-ring cell adenocarcinoma metastatic to the maxillary sinus (Zappia et al). 1992;73:89-90
Neoplasms
Chondrocalcinosis of the temporomandibular joint: an external ear canal pseudotumor (Magno et al). 1992;73:262-5
Neuralgia
INVITED COMMENTARY on neuralgia-inducing cavitational osteonecrosis (Donlon). 1992;73:319-20
Neuralgia-inducing cavitational osteonecrosis (NICO): osteomyelitis in 224 jawbone samples from patients with facial neuralgia (Bouquot et al). 1992;73:307-19
Neurofibroma
Solitary neurofibroma of the mandible and infratemporal fossa in a young child: report of a case (Papageorge et al). 1992;73:407-11
Neurofibromatosis
Oral manifestations of neurofibromatosis types I and II (Geist et al). 1992;73:376-82
Neurologic manifestations
Oral lesions of iatrogenic and undefined etiology and neurologic disorders associated with HIV infection (Ficarra). 1992;73:201-11
Neuroma
Palisaded encapsulated neuroma of oral mucosa (Chauvin et al). 1992;73:71-4
Nevus
Human papillomavirus type 16 DNA in oral white sponge nevus (Cox et al). 1992;73:476-8
Non-Hodgkin's lymphoma; *see* Lymphoma, non-Hodgkin's
Nystatin
Efficacy of chlorhexidine and nystatin rinses in prevention of oral complications in leukemia and bone marrow transplantation (Epstein et al). 1992;73:682-9

O

Obstructive parotitis; *see* Parotitis
Occlusal splint; *see* Splints
Odontalgia; *see* Toothache
Odontogenic tumors
Ameloblastic fibroma and impacted mandibular first molar: a case report (Baroni et al). 1992;73:548-9
Cementoblastoma in Hong Kong Chinese: a report of four cases (MacDonald-Jankowski and Wu). 1992;73:760-4
Central odontogenic fibroma, WHO type: a report of three cases with an unusual associated giant cell reaction (Allen et al). 1992;73:62-6
Oral hairy leukoplakia; *see* Leukoplakia, oral
Oral health
Management of oral health in persons with HIV infection (Scully and McCarthy). 1992;73:215-25
Oral lichen planus; *see* Lichen planus
Oral mucosa; *see* Mouth mucosa
Oral neoplasms; *see* Mouth neoplasms
Orbit
Lateral canthotomy transconjunctival approach to the orbit (Hadeed et al). 1992;73:526-30
Oriental sore; *see* Leishmaniasis
Osseous changes; *see* Bone
Osteitis
Alveolar osteitis after surgical removal of impacted mandibular third molars: identification of the patient at risk (Larsen). 1992;73:393-7
Osteogenesis imperfecta
Unusual dentinal changes in dentinogenesis imperfecta associated with osteogenesis imperfecta: a case report (Aldred). 1992;73:461-4
Osteoma
Traumatically induced peripheral osteoma: report of a case (Cutilli and Quinn). 1992;73:667-9
Osteomyelitis
INVITED COMMENTARY on neuralgia-inducing cavitational osteonecrosis (Donlon). 1992;73:319-20
Maxillary osteomyelitis and spontaneous tooth exfoliation after herpes zoster (Mintz and Anavi). 1992;73:664-6
Neuralgia-inducing cavitational osteonecrosis (NICO): osteomyelitis in 224 jawbone samples from patients with facial neuralgia (Bouquot et al). 1992;73:307-19
Primary tuberculous osteomyelitis of the mandible: a case report (Fukuda et al). 1992;73:278-80
Osteonecrosis
INVITED COMMENTARY on neuralgia-inducing cavitational osteonecrosis (Donlon). 1992;73:319-20
Neuralgia-inducing cavitational osteonecrosis (NICO): osteomyelitis in 224 jawbone samples from patients with facial neuralgia (Bouquot et al). 1992;73:307-19
Osteoporosis, postmenopausal
Oral radiographs in the detection of early signs of osteoporosis (Mohajery and Brooks). 1992;73:112-7

P

Pain
Atypical odontalgia: update and comment on long-term follow-up (Schnurr and Brooke). 1992;73:445-8
Efficacy of hormone replacement therapy in postmenopausal women with oral discomfort (Forabosco et al). 1992;73:570-4
Postoperative pain incidence related to the type of emergency treatment of symptomatic pulpitis (Oguntebi et al). 1992;73:479-83
Palisaded encapsulated neuroma; *see* Neuroma
Panoramic radiography; *see* Radiography, panoramic
Papillary adenocarcinoma; *see* Adenocarcinoma, papillary
Papillomaviruses
Human papillomavirus type 16 DNA in oral white sponge nevus (Cox et al). 1992;73:476-8
Parasitic diseases
Oral leishmaniasis associated with kala-azar: a case report (Abbas et al). 1992;73:583-4
Oriental sore: a case report (Asvesti et al). 1992;73:56-8
Parotid gland
Bizarre egg-shaped shadow of parapharyngeal space (Takahashi and Sato). 1992;73:131-2 (Radiology forum)
Parotid duct swelling: calculated to confuse (Ogden). 1992;73:128 (Radiology forum)
Parotitis
Chronic obstructive parotitis: report of ninety-two cases (Zhao-ju et al). 1992;73:434-40
Periapical abscess
The management of a dental abscess in a patient with acute intermittent porphyria: a case report (Brown et al). 1992;73:575-8

Periapical diseases
Detection of interleukin-1 beta in human periapical lesions (Barkhordar et al). 1992;73:334-6
Diagnosing periapical bone lesions on radiographs by means of texture analysis (Mol et al). 1992;73:746-50
Periodontal cyst
Infected cyst in the coronoid process (Fernandez and Meraz). 1992;73:768 (Radiology forum)
Periodontal diseases
Dental treatment of patients with Gilles de la Tourette's syndrome (Friedlander and Cummings). 1992;73:299-303
Periodontal disease associated with HIV infection (Winkler and Robertson). 1992;73:145-50
Periodontitis
Postscaling bacteremia in HIV-associated gingivitis and periodontitis (Lucartorto et al). 1992;73:550-4
Pharynx
The modified superiorly based pharyngeal flap. Part IV: position of the base of the flap (Yoshida et al). 1992;73:13-9
Pigmented villonodular synovitis; *see* Synovitis, pigmented villonodular
Pit and fissure sealants
Comparative tissue tolerance of a new endodontic sealer (Molloy et al). 1992;73:490-3
Usage test of four endodontic sealers in *Macaca fascicularis* monkeys (ørstavik and Mjör). 1992;73:337-44
Plasma cells
Plasma cell gingivitis: report of two cases (Sollecito and Greenberg). 1992;73:690-3
Plates; *see* Bone plates
Podophyllum
Retrospective findings of the clinical benefits of podophyllum resin 25% sol on hairy leukoplakia: clinical results in nine patients (Lozada-Nur and Costa). 1992;73:555-8
Polyglactin 910
Use of polyglactin 910 knitted mesh tubing to stabilize particulate hydroxyapatite in alveolar ridge augmentation: a preliminary report (Brown et al). 1992;73:19-22
Porphyria
The management of a dental abscess in a patient with acute intermittent porphyria: a case report (Brown et al). 1992;73:575-8
Postmenopause; *see* Menopause
Preoperative care
Preoperative laboratory assessment of hemostasis for orthognathic surgery (Holtzman et al). 1992;73:403-6
Preventive dentistry
Management of oral health in persons with HIV infection (Scully and McCarthy). 1992;73:215-25
Prostaglandins
Effect of ibuprofen on the in vitro and in vivo reactivation of latent HSV-1 (Cherrick et al). 1992;73:321-7
Pseudotumor; *see* Neoplasms
Pterygoid muscles
Myositis ossificans of medial pterygoid muscle: a cause for temporomandibular joint ankylosis (Parkash and Goyal). 1992;73:27-8
Public health
The provision of health care: problems and needs—The Canadian public health response: an overview (de Burger). 1992;73:226-30
Pulmonary neoplasms; *see* Lung neoplasms
Pulp
Mitogenic and dentin-inductive effects of crude bone morphogenetic protein from bone and dentin in primary adult pulp cell culture (Nakashima). 1992;73:484-9
Reaction of the dental pulp to hydroxyapatite (Jaber et al). 1992;73:92-8
Pulp cavity
Resistance to fracture of endodontically treated roots (Trope and Ray). 1992;73:99-102
Pulp cavity (cont'd.)
Usage test of four endodontic sealers in *Macaca fascicularis* monkeys (ørstavik and Mjör). 1992;73:337-44
Pulp test
Reproducibility of data from a hand-held digital pulp tester used on teeth and oral soft tissue (Dal Santo et al). 1992;73:103-8
Pulpitis
Postoperative pain incidence related to the type of emergency treatment of symptomatic pulpitis (Oguntebi et al). 1992;73:479-83

Q

Questionnaires
Survey of tissue diagnostic services in U.S. dental schools—1990 (Miller and Cleveland). 1992;73:717-9

R

Radiation
Absorbed dose determination for tomographic implant site assessment techniques (Kassebaum et al). 1992;73:502-9
Dosimetry of absorbed radiation in radiographic cephalometry (Gilda and Maillie). 1992;73:638-43
Effects of total body irradiation on salivary gland function and caries-associated oral microflora in bone marrow transplant patients (Jones et al). 1992;73:670-6
Gingival health and salivary function in head and neck–irradiated patients: a five-year follow-up (Markitziu et al). 1992;73:427-33
Radiograph
Oral radiographs in the detection of early signs of osteoporosis (Mohajery and Brooks). 1992;73:112-7
Radiographic image enhancement
Preliminary evaluation of a digital system for rotational panoramic radiography (Dove et al). 1992;73:623-32
Quantitative features of digitized radiographic bone profiles (Southard and Southard). 1992;73:751-9
Radiography
Absorbed dose determination for tomographic implant site assessment techniques (Kassebaum et al). 1992;73:502-9
American Academy of Oral and Maxillofacial Radiology infection control guidelines for dental radiographic procedures. 1992;73:248-9
Calcified neck mass (Carlson). 1992;73:375 (Radiology forum)
Compliance of Michigan dentists with radiographic safety recommendations (Nakfoor and Brooks). 1992;73:510-3
Detached root apexogenesis (Smith and Thaler). 1992;73:129 (Radiology forum)
Diagnosing periapical bone lesions on radiographs by means of texture analysis (Mol et al). 1992;73:746-50
Dosimetry of absorbed radiation in radiographic cephalometry (Gilda and Maillie). 1992;73:638-43
An experimental study of new diagnostic methods for the examination of osseous lesions in the temporomandibular joint (Engelke et al). 1992;73:348-59
Fused supernumerary microdont (Samuels). 1992;73:131 (Radiology forum)
Quantitative features of digitized radiographic bone profiles (Southard and Southard). 1992;73:751-9
Root resorption associated with impacted maxillary third molar (Wang). 1992;73:765-6 (Radiology forum)
Shedding of a permanent tooth (Huang and Yeh). 1992;73:128 (Radiology forum)
Tooth in the sigmoid notch (Balan). 1992;73:767 (Radiology forum)
Radiography, panoramic
Bizarre egg-shaped shadow of parapharyngeal space (Takahashi and Sato). 1992;73:131-2 (Radiology forum)

Radiography, panoramic (cont'd.)
Double condyles (Huang and Yeh). 1992;73:130 (Radiology forum)
Double vision? (Llewelyn). 1992;73:514-5 (Radiology forum)
Fusion of third and fourth mandibular molars? (Chen and Huang). 1992;73:767 (Radiology forum)
Infected cyst in the coronoid process (Fernandez and Meraz). 1992;73:768 (Radiology forum)
Multiple supernumeraries of different tooth generations (Moore). 1992;73:127 (Radiology forum)
Parotid duct swelling: calculated to confuse (Ogden). 1992;73:128 (Radiology forum)
Preliminary evaluation of a digital system for rotational panoramic radiography (Dove et al). 1992;73:623-32
Radiology
Radiologic follow-up of bone transplants to bridge mandibular continuity defects (Söderholm et al). 1992;73:253-61
A radiologic study of pulmonary metastases originating from oral and maxillofacial tumors (Sun et al). 1992;73:633-7
Radiology forum
Radiology forum. 1992;73:127-32, 375, 514-6, 765-8
Radionuclide imaging
An experimental study of new diagnostic methods for the examination of osseous lesions in the temporomandibular joint (Engelke et al). 1992;73:348-59
Receptors, epidermal growth factor-urogastrone
Evaluation of epidermal growth factor receptor in squamous cell carcinoma of the oral cavity (Yamada et al). 1992;73:67-70
Reduction of fracture
The morbidity associated with fifty maxillary fractures treated by closed reduction (Haug et al). 1992;73:659-63
Renal transplantation; *see* Kidney transplantation
Reproducibility of results
Reproducibility of data from a hand-held digital pulp tester used on teeth and oral soft tissue (Dal Santo et al). 1992;73:103-8
Research
Initiatives in oral acquired immunodeficiency syndrome research (Greenspan). 1992;73:244-7
Rheumatic diseases
Imaging temporomandibular joint abnormalities in patients with rheumatic disease: comparison with surgical observations (Larheim et al). 1992;73:494-501
Rheumatoid arthritis; *see* Arthritis, rheumatoid
Root canal; *see* Pulp cavity
Root canal filling materials
Biocompatibility of retrograde filling materials in the ferret canine: amalgam and IRM (Maher et al). 1992;73:738-45
Root canal therapy
Efficacy of removing glass ionomer cement, zinc oxide eugenol, and epoxy resin sealers from retreated root canals (Friedman et al). 1992;73:609-12
In vivo comparison of the biocompatibility of two root canal sealers implanted into the mandibular bone of rabbits (Pertot et al). 1992;73:613-20
Root of tooth; *see* Tooth root
Root resorption
Root resorption associated with impacted maxillary third molar (Wang). 1992;73:765-6 (Radiology forum)

S

Safety
Compliance of Michigan dentists with radiographic safety recommendations (Nakfoor and Brooks). 1992;73:510-3
Saliva
Analyses of salivary components in leukemia patients receiving chemotherapy (Månsson-Rahemtulla et al). 1992;73:35-46
The effect of acupuncture on salivary flow rates in patients with xerostomia (Blom et al). 1992;73:293-8
Salivary duct calculi
Parotid duct swelling: calculated to confuse (Ogden). 1992;73:128 (Radiology forum)
Salivary gland diseases
HIV-associated salivary gland disease: a review (Schiødt). 1992;73:164-7
Salivary gland neoplasms
Low-grade papillary adenocarcinoma of minor salivary glands: case report and literature review (Mostofi et al). 1992;73:591-5
Trabecular and solid-cribriform types of basal cell adenoma: a morphologic study of two cases of an unusual variant of monomorphic anenoma (Dardick et al). 1992;73:75-83
Salivary glands
Chronic obstructive parotitis: report of ninety-two cases (Zhao-ju et al). 1992;73:434-40
Effects of total body irradiation on salivary gland function and caries-associated oral microflora in bone marrow transplant patients (Jones et al). 1992;73:670-6
Gingival health and salivary function in head and neck–irradiated patients: a five-year follow-up (Markitziu et al). 1992;73:427-33
Salivary gland involvement in HIV-1 infection (Fox). 1992;73:168-70
Scaling
Postscaling bacteremia in HIV-associated gingivitis and periodontitis (Lucartorto et al). 1992;73:550-4
Schools, dental
Survey of tissue diagnostic services in U.S. dental schools—1990 (Miller and Cleveland). 1992;73:717-9
Sealant; *see* Pit and fissure sealants
Septicemia
Postscaling bacteremia in HIV-associated gingivitis and periodontitis (Lucartorto et al). 1992;73:550-4
Serology
Orofacial manifestations of mixed connective tissue disease with an uncommon serologic evolution (Alfaro-Giner et al). 1992;73:441-4
Sialadenitis
Production of microliths and sialadenitis in rats by a short combined course of isoprenaline and calcium gluconate (Harrison and Epivatianos). 1992;73:585-90
Sialography
Chronic obstructive parotitis: report of ninety-two cases (Zhao-ju et al). 1992;73:434-40
Sigmoid
Tooth in the sigmoid notch (Balan). 1992;73:767 (Radiology forum)
Signet-ring cell adenocarcinoma; *see* Adenocarcinoma
Silent ulcer; *see* Ulcer
Skin diseases
An unusual case of hemifacial atrophy (Whyman). 1992;73:564-9
Skull
Synovial chondromatosis with cranial extension (Quinn et al). 1992;73:398-402
Smokeless tobacco; *see* Tobacco, smokeless
South Africa
Seroprevalence of hepatitis B surface antibody in South African dental personnel (Moola et al). 1992;73:304-6
Spinal diseases
Hypodontia, impacted permanent teeth, spinal defects, and cardiomegaly in a previously diagnosed case of the Yunis-Varon syndrome (Lapeer and Fransman). 1992;73:456-60
Splints
Temporomandibular joint disk displacement without reduction: treatment with flat occlusal splint versus no treatment (Lundh et al). 1992;73:655-8
Squamous cell carcinoma; *see* Carcinoma, squamous cell
Staff
Seroprevalence of hepatitis B surface antibody in South African dental personnel (Moola et al). 1992;73:304-6

Stomatitis
Cinnamon-induced stomatitis venenata: clinical and characteristic histopathologic features (Miller et al). 1992;73:708-16
Stomatitis, aphthous
Recurrent aphthous ulcers in association with HIV infection: diagnosis and treatment (MacPhail et al). 1992;73:283-8
Supernumerary tooth; *see* Tooth, supernumerary
Surgical flaps
The modified superiorly based pharyngeal flap. Part IV: position of the base of the flap (Yoshida et al). 1992;73:13-9
Surgical mesh
Use of polyglactin 910 knitted mesh tubing to stabilize particulate hydroxyapatite in alveolar ridge augmentation: a preliminary report (Brown et al). 1992;73:19-22
Surveys; *see* Questionnaires
Synovial chondromatosis; *see* Chondromatosis, synovial
Synovitis, pigmented villonodular
Pigmented villonodular synovitis of the temporomandibular joint: case report and review of the literature (Eisig et al). 1992;73:328-33

T

Talismans; *see* Needles
Temporomandibular joint
Disk derangement and inflammatory changes in the posterior disk attachment of the temporomandibular joint: a histologic study (Holmlund et al). 1992;73:9-12
Imaging temporomandibular joint abnormalities in patients with rheumatic disease: comparison with surgical observations (Larheim et al). 1992;73:494-501
Prevalence of osseous changes in the temporomandibular joint of asymptomatic persons without internal derangement (Brooks et al). 1992;73:118-22
Rehabilitation of the temporomandibular joint after arthroscopic surgery (Wilk and McCain). 1992;73:531-6
Temporomandibular joint: surgically created disk replacement causes arthrosis in the rabbit (Macher et al). 1992;73:645-9
Temporomandibular joint disk displacement without reduction: treatment with flat occlusal splint versus no treatment (Lundh et al). 1992;73:655-8
Temporomandibular joint diseases
Chondrocalcinosis of the temporomandibular joint: an external ear canal pseudotumor (Magno et al). 1992;73:262-5
An experimental study of new diagnostic methods for the examination of osseous lesions in the temporomandibular joint (Engelke et al). 1992;73:348-59
Myositis ossificans of medial pterygoid muscle: a cause for temporomandibular joint ankylosis (Parkash and Goyal). 1992;73:27-8
Pigmented villonodular synovitis of the temporomandibular joint: case report and review of the literature (Eisig et al). 1992;73:328-33
Synovial chondromatosis of the temporomandibular joint: report of a case (Holmlund et al). 1992;73:266-8
Synovial chondromatosis with cranial extension (Quinn et al). 1992;73:398-402
Accuracy of clinical diagnosis for TMJ internal derangement and arthrosis (Paesani et al). 1992;73:360-3
Autogenous conchal cartilage as a replacement after a diskectomy (Armstrong et al). 1992;73:269-72
Rheumatoid arthritis and disk derangement of the temporomandibular joint: a comparative arthroscopic study (Holmlund et al). 1992;73:273-7
Temporomandibular joint: diagnosis of medial and lateral disk displacement with anteroposterior arthrography: correlation with cryosections (Kurita et al). 1992;73:364-8
Texture analysis; *see* Image processing, computer-assisted
Third molar; *see* Molar, third
Tigason; *see* Etretinate
Tissue diagnostic services; *see* Diagnostic services
Tissue tolerance; *see* Biocompatible materials
Tobacco, smokeless
Histopathology of smokeless tobacco lesions in professional baseball players: associations with different types of tobacco (Daniels et al). 1992;73:720-5
Tomography
Absorbed dose determination for tomographic implant site assessment techniques (Kassebaum et al). 1992;73:502-9
Tomography, x-ray computed
Absorbed dose determination for tomographic implant site assessment techniques (Kassebaum et al). 1992;73:502-9
A computed tomographic study of the distances between the maxillary sinus floor and the apices of the maxillary posterior teeth (Eberhardt et al). 1992;73:345-6
Fracture of a condyle and associated tympanic plate (Mintz and Horowitz). 1992;73:515-6 (Radiology forum)
Tomosynthesis
An experimental study of new diagnostic methods for the examination of osseous lesions in the temporomandibular joint (Engelke et al). 1992;73:348-59
Tongue
Correlation of subclinical candidal colonization of the dorsal tongue surface with the Walter Reed staging scheme for patients infected with HIV-1 (Hamilton et al). 1992;73:47-51
Tooth, deciduous
Dentigerous cyst associated with a deciduous tooth: a case report (Kusukawa et al). 1992;73:415-8
Tooth, impacted
Alveolar osteitis after surgical removal of impacted mandibular third molars: identification of the patient at risk (Larsen). 1992;73:393-7
Ameloblastic fibroma and impacted mandibular first molar: a case report (Baroni et al). 1992;73:548-9
Evaluation of intra-alveolar chlorhexidine dressings after removal of impacted mandibular third molars (Fotos et al). 1992;73:383-8
Hypodontia, impacted permanent teeth, spinal defects, and cardiomegaly in a previously diagnosed case of the Yunis-Varon syndrome (Lapeer and Fransman). 1992;73:456-60
Root resorption associated with impacted maxillary third molar (Wang). 1992;73:765-6 (Radiology forum)
Shedding of a permanent tooth (Huang and Yeh). 1992;73:128 (Radiology forum)
Tooth in the sigmoid notch (Balan). 1992;73:767 (Radiology forum)
Tooth, supernumerary
Fused supernumerary microdont (Samuels). 1992;73:131 (Radiology forum)
Fusion of third and fourth mandibular molars? (Chen and Huang). 1992;73:767 (Radiology forum)
Tooth, supernumerary
Multiple supernumeraries of different tooth generations (Moore). 1992;73:127 (Radiology forum)
Tooth exfoliation
Maxillary osteomyelitis and spontaneous tooth exfoliation after herpes zoster (Mintz and Anavi). 1992;73:664-6
Tooth extraction
Evaluation of intra-alveolar chlorhexidine dressings after removal of impacted mandibular third molars (Fotos et al). 1992;73:383-8
Tooth fracture
Resistance to fracture of endodontically treated roots (Trope and Ray). 1992;73:99-102
Tooth resorption
Shedding of a permanent tooth (Huang and Yeh). 1992;73:128 (Radiology forum)

Tooth root
A computed tomographic study of the distances between the maxillary sinus floor and the apices of the maxillary posterior teeth (Eberhardt et al). 1992;73:345-6
Detached root apexogenesis (Smith and Thaler). 1992;73:129 (Radiology forum)
Resistance to fracture of endodontically treated roots (Trope and Ray). 1992;73:99-102
Toothache
Atypical odontalgia: update and comment on long-term follow-up (Schnurr and Brooke). 1992;73:445-8
Total body irradiation; *see* Whole body irradiation
Tourette syndrome
Dental treatment of patients with Gilles de la Tourette's syndrome (Friedlander and Cummings). 1992;73:299-303
Transconjunctival approach; *see* Conjunctiva
Transplantation, homologous
Lip carcinoma in renal allograft recipient with long-term immunosuppressive therapy (Regev et al). 1992;73:412-4
Replacement of freeze-dried allogeneic cartilage chin graft with host bone: a case report (Davis). 1992;73:541-2
Trauma; *see* Wounds and injuries
Trismus
Trismus caused by a retained foreign body in an adult (Krishnan et al). 1992;73:546-7
Tuberculosis, oral
Primary tuberculous osteomyelitis of the mandible: a case report (Fukuda et al). 1992;73:278-80
Tympanic membrane
Fracture of a condyle and associated tympanic plate (Mintz and Horowitz). 1992;73:515-6 (Radiology forum)

U

Ulcer
Oral ulceration and iatrogenic disease in HIV infection (Reichart). 1992;73:212-4
Silent ulcer with hemorrhage: a case report (Smith et al). 1992;73:389-90
Ulcerative stomatitis; *see* Gingivitis, necrotizing ulcerative

V

Velopharyngeal insufficiency
The modified superiorly based pharyngeal flap. Part IV: position of the base of the flap (Yoshida et al). 1992;73:13-9
Vesiculobullous/vesiculoerosive oral lesions
Immediate biopsy versus a therapeutic trial in the diagnosis and treatment of vesiculobullous/vesiculoerosive oral lesions: opposing viewpoints presented (Brown et al). 1992;73:694-7
Virus diseases
Viral infections of the head and neck among HIV-seropositive patients (Eversole). 1992;73:155-63
von Willebrand disease
Preoperative laboratory assessment of hemostasis for orthognathic surgery (Holtzman et al). 1992;73:403-6

W

Walter Reed staging
Correlation of oral disease with the Walter Reed staging scheme for HIV-1–seropositive patients (Thompson et al). 1992;73:289-92
Correlation of subclinical candidal colonization of the dorsal tongue surface with the Walter Reed staging scheme for patients infected with HIV-1 (Hamilton et al). 1992;73:47-51
White sponge nevus; *see* Nevus
WHO; *see* World Health Organization
Whole body irradiation
Effects of total body irradiation on salivary gland function and caries-associated oral microflora in bone marrow transplant patients (Jones et al). 1992;73:670-6
World Health Organization
Central odontogenic fibroma, WHO type: a report of three cases with an unusual associated giant cell reaction (Allen et al). 1992;73:62-6
Global aspects of the AIDS epidemic (Pindborg). 1992;73:138-41
Wounds and injuries
Detached root apexogenesis (Smith and Thaler). 1992;73:129 (Radiology forum)
Gaucher's disease: case report of mandibular trauma (Regenye et al). 1992;73:23-6
Traumatically induced peripheral osteoma: report of a case (Cutilli and Quinn). 1992;73:667-9

X

X chromosome
X-linked amelogenesis imperfecta: presentation of two kindreds and a review of the literature (Crawford and Aldred). 1992;73:449-55
X-ray film
Double vision? (Llewelyn). 1992;73:514-5 (Radiology forum)
Xerostomia
The effect of acupuncture on salivary flow rates in patients with xerostomia (Blom et al). 1992;73:293-8

Y

Yunis-Varon syndrome
Hypodontia, impacted permanent teeth, spinal defects, and cardiomegaly in a previously diagnosed case of the Yunis-Varon syndrome (Lapeer and Fransman). 1992;73:456-60

Z

Zinc oxide-eugenol cement
Biologic properties of eugenol and zinc oxide–eugenol: a clinically oriented review (Markowitz et al). 1992;73:729-37
Efficacy of removing glass ionomer cement, zinc oxide eugenol, and epoxy resin sealers from retreated root canals (Friedman et al). 1992;73:609-12
